Mr. Wim Kimmerer  
San Francisco State University  
1600 Holloway Avenue  
San Francisco, CA 94132

Congratulations. Your CALFED Ecosystem Restoration Proposal, Directed Project: Effects of Introduced Clams on the Food Supply of Bay-Delta Fish Species (Proposal Number 99-DA20), has been conditionally approved for funding in the amount of \$100,490.

A grant to fund your proposal will be prepared, executed and administered by the U.S. Fish and Wildlife Service (FWS). A FWS representative will contact you within the next two weeks to begin preparing the scope of work and standard terms and conditions for your proposed grant. Enclosed is the suggested information to be included in each of these items.

Your project has been assigned the CALFED project number 99-F11. Please refer to your CALFED project number in any future correspondence. Additional information on the PSP results is available on the CALFED website at <http://www.calfed.water.ca.gov> or you may request a copy of this information, by calling (916) 657-2666.

Your contract with FWS will contain the requirements listed in the February 99 PSP (enclosed). These include:

- Project proponent commences work only after a funding agreement has been signed;
- Project proponent is responsible for ensuring compliance with all applicable laws and regulations including the National Environmental Policy Act (NEPA), the California Environmental Quality Act (CEQA), and other environmental permitting requirements, and will submit copies of all environmental compliance documents and permits;
- Project proponent prepares a plan indicating how the public, adjoining property owners and local governments will be informed or be allowed to participate in the project planning and development and permits;
- Project proponent develops a CALFED-approved Project Monitoring/Methods Plan, in order to show progress toward the intended ecological/biological objectives and to provide input to the adaptive management process of the CALFED Program. This plan must be developed before beginning any monitoring

Page Two

- Project proponent may be required to make oral presentations at annual review meetings;
- Project proponent submits quarterly progress reports on time and complete;
- Project proponent furnishes proof of the availability of cost sharing funds (if CALFED is funding only a portion of the project); and
- Project proponent submits a final report at the end of the project.

Failure to comply with these requirements in a timely and responsive manner may jeopardize funding of your project. FWS, based on recommendation from CALFED, reserves the right to withdraw funding or withhold payment on the Agreement based on failure to comply with disclosed requirements in a timely and responsive manner.

The California Department of Fish and Game's (CDFG) Central Valley Bay-Delta Branch is available to you with identification of project requirements, information on processing permit applications or environmental documentation, determination of readiness of applications, and facilitation of resolution to problems related to permits or environmental documentation. For assistance, contact CDFG at (209) 948-7800 or e-mail to [PermitsInfo@delta.dfg.ca.gov](mailto:PermitsInfo@delta.dfg.ca.gov)

We are sending these results to you as the main point of contact for this proposal. Please contact the other members of your application team and inform them of the results. We look forward to working with you. If you have any questions, please contact Kim Webb at FWS (209) 946-6400 x311 or Peter Jacobsen at CALFED (916) 653-3790.

Sincerely,

Lester A. Snow  
Executive Director
